

Fig.1

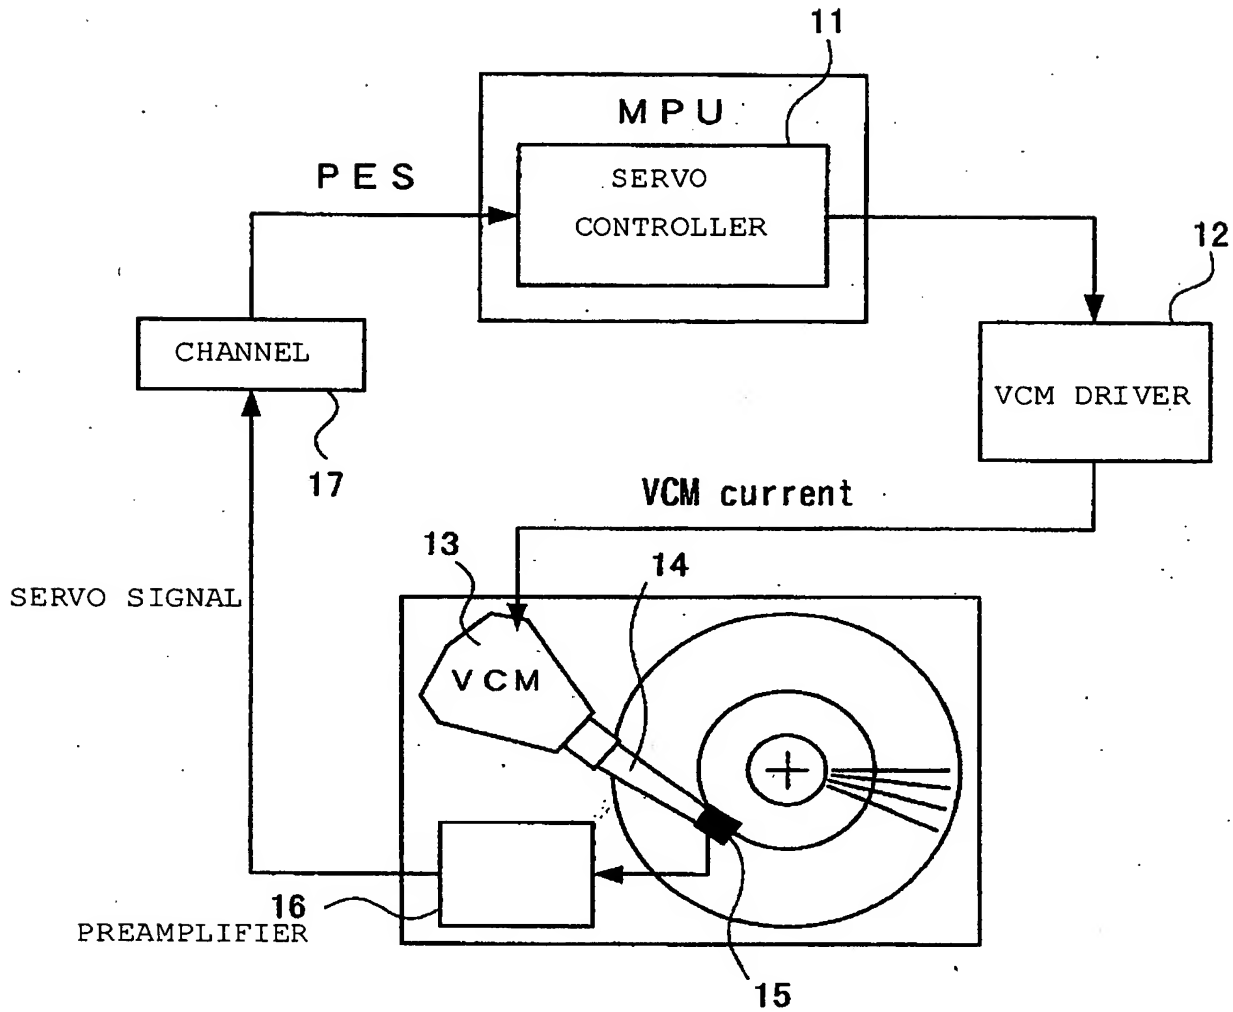

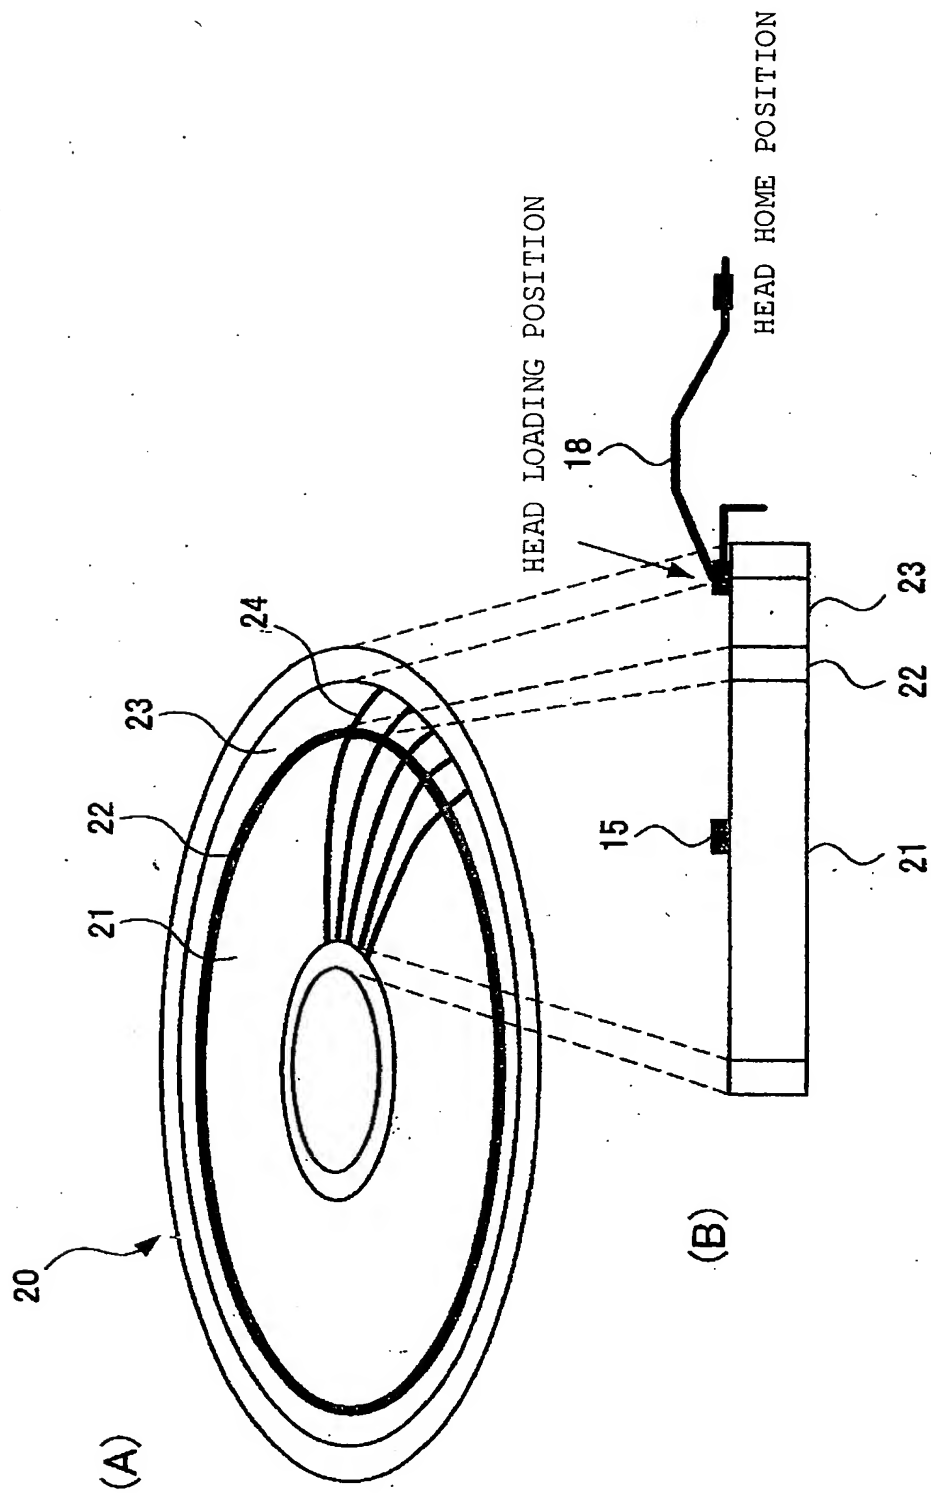

Fig.2

The diagram is a waveform plot on a grid. The horizontal axis is labeled with 'Sync', 'SAM', 'CYLID', 'Sec#', and a series of 'burst' labels (A, B, C, D). The vertical axis has labels 'SERVO AREA' and 'READING SIGNAL'. The diagram shows a sawtooth wave, a high-frequency burst signal, and a signal with vertical spikes. A vertical line is drawn through the center of the grid.
